David Yarborough  
291 E Bay St Fl 2  
Charleston, SC 29401-1601

Dear David Yarborough,

Thank you for your recent support in the search for a cure for cystic fibrosis. Your generous gift will enable the Cystic Fibrosis Foundation to take full advantage of the tremendous opportunities in CF research on the horizon.

Your support could not have come at a better time, as we work to accelerate the pace of research and discovery to find a cure for all people with the disease.

Together, we are transforming the face of this disease from one of despair to one of hope. Nearly every CF drug available today was made possible because of the Foundation's support. Through our efforts, the life expectancy of a child with CF has doubled in the last 30 years, and research to find a cure is more promising than ever before.

We are making a difference in the lives of those with cystic fibrosis, and it is because of the generosity of caring supporters like you who have given to support this mission.

While we have made real progress, our work is not over. The lives of young people with CF are still cut far too short. We will not rest until we find a cure for all people with this disease.

Thank you again for your commitment to our mission. Please know that we will invest your gift in the wisest way possible – to make our shared dream of a full future for all people with cystic fibrosis a reality.

You are making a difference!

Sincerely,

Ann M. Palmer
